### About Me

I graduated from Universitas Sebelas Maret majoring in Diploma degree of Chemical Engineering with the GPA 3.78 of 4.00. I have experiences as a Supervisor Quality Control. I managed quality activities and ensured the target is achieved both the quality and quantity meet the technical standards, evaluated any trouble and performed continuous improvements, evaluated performance of quality control team. Besides, I took part as a laboratory assistant. I assisted in in the preparation of chemical instructional laboratory materials, including chemical solutions, equipments, performed chemical and physical laboratory test in making quantitative and qualitative analysis of solid and liquid materials.

### Competency

- |                                       |                               |
|---------------------------------------|-------------------------------|
| ■ Microsoft Office (Word, Excel, PPT) | ■ Analytical thinking         |
| ■ AutoCAD                             | ■ Research                    |
| ■ Matlab                              | ■ Laboratory Analysis         |
| ■ Microsoft Visio+                    | ■ Chemical Process            |
| ■ Calibration                         | ■ Health, Safety, Environment |

---

### Working Experience

#### **PT. Procoat Energi Baru (Cikarang, Jawa Barat)**

*Supervisor Quality Control* (December 2022 – Now)

- Devising, improving, and reviewing new specifications and procedures for products or processes, and training staff to use them
- Setting the requirements for raw materials from suppliers and monitoring their compliance
- Supervising inspectors, technicians, and other staff members and providing guidance.
- Monitoring performance and quality of personnel, processes, and methods on an ongoing basis to ensure compliance with documented procedures and regulatory requirements.
- Directing audit activities commensurate to production schedules
- Developing monthly reports showing inspection and audit performance and improvement opportunities
- Performing PDCA and corrective action plan to other departments that involved in the processes.

**PT. Ungaran Sari Garments (Semarang, Jawa Tengah)**

*Supervisor Quality Control* (February - July 2022)

- Supervising production and quality activities
- Conducting a meeting for any defect quality finding
- Responsible for handling first piece inspection, pilot piece inspection
- Analyzing rejection to improve production
- Evaluating performance of Quality control team

**PT. Marimas Putera Kencana (Semarang, Jawa Tengah)**

*Staff Quality Control intern* (Juni - Agustus 2021)

- Analyzing waste water process (BOD, COD, microbiology, active mud)
- Analyzing quality of the products (water content, visual, weight, taste)
- Hold finished good products for any quality defect finding
- Analyzing data and advise operation for continuous improvement

---

**Education****Universitas Sebelas Maret (2018 - 2021)**

*D3 Chemical Engineering - GPA 3,78 of 4,00*

- Carrying out subjects, such as Chemical Analysis of Quantitative and Qualitative, Quality Management System, Oil and Gas Processes
- Performing Matlab, Microsoft Office, AutoCAD
- Becoming a laboratory assistant
- Actively participating in an organization and becoming a leader for several events (local and national events)
